Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1977 by Mr. Lanphear, Town Manager and Mr. Chabot of this office.

The resulting changes in highway mileage and any changes in highway classification are indicated on the enclosed map and are explained on the attached breakdown sheet.

I am also forwarding, herewith, the Certificates of Highway Mileage for your town for the year ending February 1978. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes to your Class 3 and Class 4 Town Highway System. Please read this form letter carefully before completing the Certificate.

In addition, Mr. Lanphear stated that T-69 Provisional, 0.14 mile, was an Old Town Highway. Proof that this has been maintained for "X" number of years should be submitted in a statement signed by the Selectmen and should be submitted with the Mileage Certificate. See Item G on the enclosed map.

For your convenience, we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1978. The designated representative of the State Highway Department will approve the Town's copy, which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the Town's records until the approved copy has been returned.

Sincerely,

Gentlemen:

I am herewith forwarding the Certificate of Highway Mileage for your town for the year ending February 10, 1976. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage change was brought to our attention during the past year:

During the installation of mile markers on the Federal-aid Secondary local system it was found that the length of Town Highway 3 should be reduced 0.060 mile. A Class 2 Selection Certificate reflecting this change was previously forwarded to you through your District Highway Engineer.

We have entered on the enclosed Certificate for your convenience the previous mileage as of February 10, 1975 as well as the above-mentioned Class 2 change. We will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1976. The designated representative of the State Highway Department will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the APPROVED copy has been returned.
