Dear Sirs:

I am sorry to say that we have not got this matter straightened out before this but we have not been able to get the farmers to agree to having this road laid out, and as the town does not need this road right now we would like to have you if you can put the mileage on this road back as it was before. On the old map the number is 036, this will be the mileage that we have and worked and will be until we get the road laid out rightfarther.
