§ 305. Measurement and inspection

(a) After reasonable notice to the selectboard, a representative of the agency may measure and inspect the class 1, 2, and 3 town highways in each town to verify the accuracy of the records on file with the agency. Upon request, the selectboard or their designee shall be permitted to accompany the representative of the agency during the measurement and inspection. The agency shall notify the town when any highway, or portion of a highway, does not meet the standards for its assigned class. If the town fails, within one year, to restore the highway or portion of the highway to the accepted standard, or to reclassify, or to discontinue, or develop an acceptable schedule for restoring to the accepted standards, the agency for purposes of apportionment under section 306 of this title shall deduct the affected mileage from that assigned to the town for the particular class of the road in question.

(b) Annually, on or before February 10, the selectboard shall file with the town clerk a sworn statement of the description and measurements of all class 1, 2, 3, and 4 town highways and trails then in existence, including any special designation such as a throughway or scenic highway. When class 1, 2, 3, or 4 town highways, trails, or unidentified corridors are accepted, discontinued, or reclassified, a copy of the proceedings shall be filed in the town clerk's office and a copy shall be forwarded to the agency.

(c) All class 1, 2, 3, and 4 town highways and trails shall appear on the town highway maps by July 1, 2015.

(d) At least 45 days prior to first including a town highway or trail that is not clearly observable by physical evidence of its use as a highway or trail and that is legally established prior to February 10, 2006 in the sworn statement required under subsection (b) of this section, the legislative body of the municipality shall provide written notice and an opportunity to be heard at a duly warned meeting of the legislative body to persons owning lands through which a highway or trail passes or abuts.

(e) The agency shall not accept any change in mileage until the records required to be filed in the town clerk's office by this section are received by the agency. A request by a municipality to the agency for a change in mileage shall include a description of the affected highway or trail, a copy of any surveys of the affected highway or trail, minutes of meetings at which the legislative body took action with respect to the changes, and a current town highway map with the requested deletions and additions sketched on it. A survey shall not be required for class 4 town highways that are legally established prior to February 10, 2006. All records filed with the agency are subject to verification in accordance with subsection (a) of this section.

(f) The selectboard of any town who are aggrieved by a finding of the agency concerning the measurement, description, or classification of a town highway may appeal to the transportation board by filing a notice of appeal with the executive secretary of the transportation board.

(g) The agency shall provide each town with a map of all of the highways in that town together with the mileage of each class 1, 2, 3, and 4 highway, as well as each trail, and such other information as the agency deems appropriate.

TO: TOWN / CITY / VILLAGE CLERK AND SELECTBOARD / ALDERMEN / TRUSTEES

Enclosed is your 2017 **Certificate of Highway Mileage**. This Certificate must be completed in order to determine your town's share of state aid for town highways for Fiscal Year 2018, and to ensure that your Town Highway Map remains current. Please note there will be no additional opportunities to submit town highway changes before the 2017 statutory deadline for mapping all Class 1, 2, 3 and 4 Town Highways and Legal Trails, as specified in 19 V.S.A. § 305(c).

Changes in mileage or highway classification, including any additions, alterations, or discontinuances made by your selectboard this past year, should be entered on this certificate. If there are changes that occurred before this past year that we have not shown on the Town Highway Map, please let us know so we can update our maps.

In filling out the Mileage Certificate, it is important to:

- >> Enter mileage and classification changes on PART I and PART II of the Certificate.
- >> Provide supporting documentation sufficient for the Mapping Section to:
  - Map the change
  - Verify the mileage
  - Demonstrate the change was made according to State statute
- >> If you have no changes, you may simply check the box in PART II of the Certificate.
- >> Always sign Part III - Town Clerk, Selectmen, etc.

Please refer to the enclosed instructions, checklist, and guidelines as needed. We have also included a reduced size copy of your current Town Highway Map and a Certificate of Completion and Opening should you need it to document new town roads. Additional information and copies of these enclosures can be found online: <http://vtrans.vermont.gov/planning/maps/mileage-certificates>.

To effectively process all the mileage certificates in a timely manner and to assure the completion of the mileage summaries, it is important that towns submit the certificates on time. **Certificates must be postmarked on or before February 20, 2017. Certificates that are postmarked after February 20, 2017 may not be processed.**

After the Agency has approved and signed the certificate, we will send you a copy. Please contact me if you have any questions.

Sincerely,

*Kerry Alley*
