Mr. Ralph P. Davis
Chairman, Board of Selectmen
Duxbury, Vermont

Dear Sir:

Thank you for the prompt submission of your 1960 Road Mileage Certificates.

The 0.40 mile transfer from State Aid to Town Highways has already been incorporated in the figures at the top of the columns on the certificates sent out to you. It was deducted as -0.23 mile on T-24, and -0.17 mile on T-7.

The 0.33 mile deduction on this year's mileage certificate is acceptable of course, but we are enclosing a map of your town and would appreciate your noting the location of this road or portion of road. If this has been discontinued or made a trail, the statutes require that we have official notification of such action.

This notification of action taken to discontinue or make a trail of a Town Highway also applies to T-24, noted on your 1959 mileage certificates as untravelled due to relocation of Vt. 100-B. It is our understanding that some of this road was covered up by the new location of Vt. 100-B and the balance is inaccessible.

We are returning herewith your 1960 certificates for possible review and change, noting that their prompt return will still enable us to include your

revised mileage with our submission to the State Auditor.

Very truly yours,

H. F. Farrington vnt
