Miles

A photograph of a residential street. On the left side, a wooden signpost holds a rectangular sign with the word "POSTED" written in black capital letters. The street is paved and covered with fallen brown leaves. To the right, a white house is partially visible behind some trees. In the background, there are utility poles and more trees. The sky is overcast and grey. Three white circular marks are visible at the top of the image, likely from hole punches.
