Hi Jonathan,

The Town of Concord has approached us about a “missing” road. The Bradley Vale Rd went missing at some point and they are not sure why or when.

I did some digging on the old town maps after finding “Bradleyvale Rd” on google maps in the area the Town said it used to exist. It would seem that it is an ATV/Jeep trail by the satellite image.

I have attached the maps with a little description at the top of what seemed to be happening over the years with this road (Town Highway 17).

I also included one mileage certificate in relation.

Do you have any more information on this road or area? Not sure if the Town owns any rights any more or not.

Thanks,

Logan
