Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1981 by Mr. Walsh, Selectman, and Mr. Chabot, Road Inventory Chief of this office.

The resulting changes in your highway mileage are indicated on the enclosed map and explained as follows:

Your Class 3 mileage will decrease by 0.380 mile on Town Road 4 because this portion of the road is gated. Please notify this office, by a copy of the order, if this portion of the road is discontinued. Your Class 4 mileage has decreased by 0.100 mile on Town Road 3 due to a discontinuance. We require a copy of the discontinuance order.

We are also forwarding the Mileage Certificate for your town for the year ending February 10, 1982. For your convenience, we have entered the previous mileage and changes that were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the enclosure (ENCLOSURE 1).

Please refer to the second form (ENCLOSURE 2) for specific instructions relative to the "SCENIC HIGHWAY MILEAGE" portion of your Mileage Certificate.

All copies of the Certificate must be completed and sworn to before a Notary Public. One white and two yellow copies of the signed and completed Certificate should be returned to this office no later than February 15, 1982. The designated representative of the Agency of Transportation will approve the town's copy, which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the "APPROVED" copy has been returned.

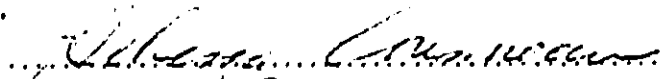

If you have any questions or need assistance, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2558), Mr. John Gilligan, Business Manager (828-2671), or myself at 828-2675.

Sincerely,

J. E. R. Landry

Gentlemen:

Enclosed find Certificate of Highway Mileage for the year ending February 10, 1978 and Certificate of Completion and Opening of a Highway for Public Travel.

At the Selectmen's meeting on November 23, 1977, following a Public Hearing on November 16, 1977, the following roads and/or bridges were officially discontinued and should be dropped from our General Highway Map:

<u>Highway No.</u>	<u>Class</u>	<u>Distance--Miles</u>
7	4	.2
8	4	.2
9	3	.2
10	3	.07
B14	4	

At the Selectmen's meeting on February 15, 1978, following a Public Hearing just prior, the following Town Highways were Discontinued and should be also dropped from our General Highway Map:

3	4	.2
14	3	.38
6	4	1.4

Please eliminate B15 from our map since it has not been a part of our highway system for some time.

Town Highway no. 3 no longer leaves highway no. 2 north of B4 and in the preparation of a new map should show the correct routing.

If you have any questions regarding the above changes we will be glad to provide any additional information needed.

Very truly yours,

B. W. Heath

Gentlemen:

I am herewith forwarding the Certificate of Highway Mileage for your town for the year ending February 10, 1977. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

We have just received the necessary certificates for a 0.070 mile extension of Class 3 Town Highway 14. For your convenience we have entered this change on the enclosed Certificate and will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

ALL copies of the completed Certificate, including the town's, should be returned to this office no later than February 15, 1977 in order for any changes to be effective at this time. The town's copy will be approved by the designated representative of the State Highway Department and returned to the Town Clerk.

Sincerely,

R. J. Nicholls

Mr. VanKleef:

This is to certify that the Board of Selectmen of the Town of Goshen, at a special meeting on Nov. 1 at 7:30 P. M., voted unanimously to accept the parcel of land described in the attached copy of a deed recorded in the Public Land Records of the Town of Goshen, dedicated by John R. Sherry of Goshen, to be used as an extension of Town Highway #14.

We have been using this strip for some time, with the permission of Mr. Sherry, as a convenient way to turn around when operating summer and winter maintenance equipment. As you may recall from your last inspection of our roads, the terrain at the end of the existing Class 3 mileage is far from appropriate for this purpose, without costly construction. Therefore, we thought it wise to secure the additional mileage permanently.

This roadway already appears to be in as good or better shape than the existing Class 3 mileage (sufficient base, drainage, width for winter maintenance), so we would like to request that it be added to our Class 3 mileage, subject, of course, to your approval.

Please advise us if there are any additional steps to take in preparation for the adoption of this mileage.

Respectfully,

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1971 by Mr. Wanser, Selectman, with Mr. Chabot of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

Before we can accept T-16 Prov. (Map Identification Letter C) as a town highway, it will be necessary that you furnish this agency a copy of the right-of-way and a Certificate of Completion and Opening of this road to public travel.

Our records indicate that we have not received a completed Certificate from your town since 1969. May we ask that you complete and sign the enclosed Certificate and return it to this office in order that we may keep our records current.

For your convenience we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year, and will appreciate your entering any other Town Highway changes processed in accordance with the Statutes during the past year.

The completed Mileage Certificates must reach this office by March 15, 1972 in order for these mileage changes to be effective at this time.

Very truly yours,

OFFICE MEMORANDUM

TO: R. J. Nichols, Planning Engineer

FROM: John A. Durkee, District Engineer

DATE: December 30, 1969

SUBJECT:

R.J.N.
H.R.

On Monday, November 17th I met with the selectmen of Goshen concerning the addition of a highway to their Town Highway System. Those present were, the selectmen of Goshen, the property owner, Mr. Goodnow; and Attorney Trudeau of Middlebury.

The Town Officials accepted the highway that was constructed by Mr. Goodnow. I am enclosing a town map showing the approximate location of the highway designated in red and a copy of the survey of the highway.

I advised the town officials that they should show this highway as an addition when they file their certificate of opening to public travel.

Very truly yours,

John A. Durkee,
District Engineer.
