Hi Brenda,

Thank you so much! Can you just confirm with me that the Selectboard agrees with the change? I don't see Part I filled out. I can fill it out before we sign it on our end.

Pam

Hi Pam,

Ok, didn't realize things had changed. In pass years only the Chair has sign for the Board. I will have them all sign next meeting.

Hi Brenda,

Thank you so much for the 2024 Mileage Certificate. I noticed that you indicated that there are no changes and did not fill out Part I of the certificate. We had pre-loaded a change in Part II as shown in the image below which results in a slight change in the Class 3 mileage for Weybridge.

3. RECLASSIFIED/REMEASURED: Please attach SIGNED copy of proceedings (minutes of meeting).

+0.02 mi CL3 TH-5 (Snake Mountain Rd) remapped approach at intersection with TH-1 (VT-23)

Also, if there is a change in mileage, we really need more than one signature from the selectboard. I apologize for not following up about this but I emailed you back in August about this change.

Please add 0.02 miles to Class 3 in Part I, do not check the "no changes" box, have more than one member of the Selectboard sign and send back to us.

If you need more assistance, feel free to let me know.

Thank you,

Pam

Good morning Brenda,

We have received notice from E911 that there has been a change in one of your town roads: TH-7 (Gooseneck Bend Rd). It looks like the road was moved slightly north away from the river (see green line in image below). Do you folks have a survey on file for the official laying out and change of the alignment of the road as well as any notices (including landowner notices) and minutes from meetings about the change? Once we have this documentation, we can make changes to our road data and put it in the upcoming year certificate and map update cycle.

We also have noticed that we need to update your map to accurately show the intersection of TH-5 and VT-23 (see highlighted section in second image below). We can do that in the next cycle as well.

Thank you so much,

Pam
