The Department is moving into a newly renovated police station in June of 2021.

St. Albans is the regional hub of Franklin County with 40 percent of the county's workforce and a dense neighborhood development pattern within two square miles. Over the last ten years, the City has completed a dramatic downtown revitalization and become a destination for both tourists and home buyers seeking a historic home near a thriving downtown.

The City operates under a Council-Manager form of Government and the Chief reports directly to the City Manager. The Chief is responsible for all police, emergency management, and emergency communications services. A detailed job description is available at www.stalbansvt.com under police chief recruitment.

The next Chief must be prepared to engage the challenges facing contemporary law enforcement and remain in alignment with the City's Police Transformation Road Map (available at www.stalbansvt.com). Candidates must have the ability to inspire public confidence and understand the dynamics of working in a small City.

Requirements

- Candidates must have proven skills in:
 - *Labor relations
 - *Budget preparation
 - *Management oversight
 - *Building and maintaining active community partnerships
- Bachelor's Degree in a relevant discipline
- At least ten (10) years of demonstrated law enforcement experience including five (5) years experience at a command level
- Must possess Level III certification from the Vermont Police Academy or obtain that certification within one year of appointment

Annual salary budgeted at \$110,000, starting salary commensurate with qualifications. Comprehensive benefits package. Female and minority candidates are encouraged to apply. EOE

Please submit letter, resume and list of references electronically by 5:00 PM on Oct. 30 to Dominic.Cloud,d.cloud@stalbansvt.com

Thanks Joey,

That does help. Essentially the consensus and history indicate a "Y", along with the lidar imagery. The clarification that the town indicates that the discontinuance is desired regardless of geometry details is also helpful!

Thank you again for your help!!

Kerry,

I don't think that anyone is 100% sure of the exact lay out of TH #28. I have researched all the old maps that I have, and it appears that up to 2001, all the older maps show the intersection as a Y, but the change happened in 2002, and since then the lay out shows it as more of a horseshoe (please see attached). Like I said before, most of that area is grown up to woods, except for the portion to the north which is used as a driveway. Either way the selectboard feels comfortable determining that whatever the lay out is, it should be discontinued. I don't know for sure, but from conversations I have had with older neighboring landowners over the years, that it was more of a Y type intersection, more like the earlier maps. I hope this helps.

Good afternoon Joey,

Thanks for sending in the Certificate!

I just want to clarify one thing about your comments regarding TH-28... I think we agree about what the correct alignment is (the Y intersection shown on attached pdf map), but you mention the 2015 map below in the previous email, which is the one with the horseshoe alignment, not a Y. In the map excerpts below, the top is from the 1964 map, and the bottom one is from the 2015 map. Can you confirm that the attached pdf maps (which are more similar to the 1964 map) are correct?

Thanks!!

Kerry,

Please find attached the signed Certificate of Highway Mileage for the Town of Enosburgh, along with an attached detailed sheet listing the changes that were made. Also, I have contacted the selectboard members about the layout of TH #28 and they feel comfortable with what they are discontinuing. After looking at the three maps that you sent, it appears that the 2015 map best represents the layout of TH #28. I have viewed many older maps and they seem to vary, but the intersection appears to have been more of a fork than a horseshoe shape. Today there is only one side of the fork still visible (the north side) and is in use for a driveway, the rest is grown up to trees and there is really no road visible. If you need any more information, please let me know.

Hi Joey,

I've attached a pdf that you can print out and use as an attachment with the Enosburgh 2021 Mileage Certificate. It should match the list on the email below from Feb 1, 2021 (but with LT-numbers added).

Kerry,

What type of confirmation do you need ? Is verbal ok, or do you want an email from me or the board ?

Hi Joey,

I just wanted to let you know I have the documents indicating you sent notification to the neighboring towns. They were uploaded to the server, and I believe I was emailed a copy as well.

The only thing I need now (in addition to the Certificate when it is ready) is confirmation about the layout of TH-28 before discontinuance.

Thanks for your help!

Kerry

Hi Joey,

Go ahead and have the Selectboard sign the Certificate with all the changes as expected. I've pasted the changes as I would have entered them in Part II of the Mileage Certificate:

Discontinuances:

-0.30 mi CL4 TH-28 discontinued
-0.10 mi CL4 TH-47 discontinued

Reclassifications:

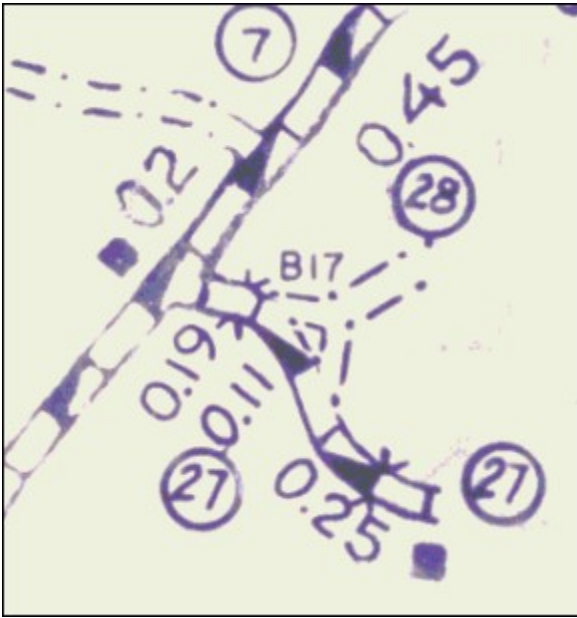

0.30 mi CL4 TH-8 (Boston Post Rd) reclassified as Legal Trail
0.37 mi CL3 TH-17 reclassified as Legal Trail
0.65 mi CL4 TH-17 reclassified as Legal Trail
0.70 mi CL4 TH-26 (McGowan Rd) reclassified as Legal Trail
0.10 mi CL4 TH-36 (Deer Run Ln) reclassified as Legal Trail
0.85 mi CL4 TH-36 (Hidden Heights) reclassified as Legal Trail
0.40 mi CL4 TH-37 reclassified as Legal Trail
0.65 mi CL4 TH-45 (Bluto Rd) reclassified as Legal Trail
0.06 mi CL4 TH-49 (Hull Farm Rd) reclassified as Legal Trail

As I mentioned earlier on the phone, it appears that TH-28 was mapped incorrectly on the 2015 Map, and that our data had been updated since then (based on older maps and available imagery). Can town confirm that the newer layout as currently shown in VTrans data (highlighted in the bottom excerpt below) is correct? In addition to the excerpts below, please see the attached maps for more detail. I just want to be sure that the Town knows what it was discontinuing! It appears to be part of an older road that continued further north.

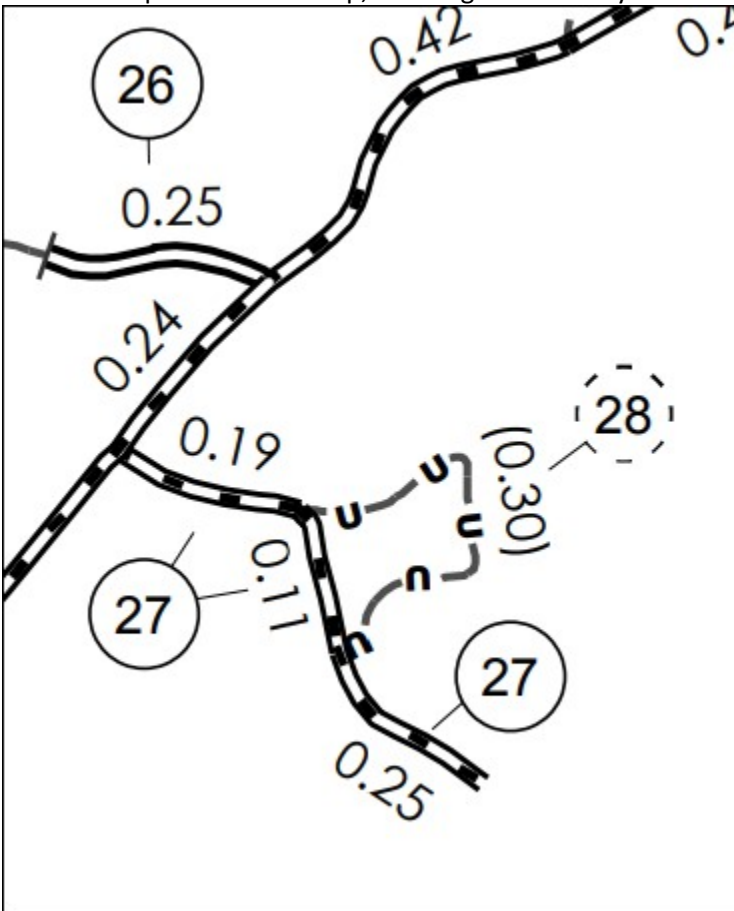

Thanks!

Kerry

Kerry,

Sorry that I addressed you by your last name on the previous email.
Please find attached a draft copy of the Public Hearing Notice, which was posted at the Town Clerks office, Post Office and in two local newspapers (County Courier and St. Albans Messenger and was sent to abutting landowners etc.), a list of the roads to be reclassified with the intentions, a map with the different roads highlighted and noted with the changes.
Billie Jo, the town clerk was going to send final copy of the Public Hearing Notice.

Hopefully this will help with the clarification of TH# 36 (Deer Run Ln./Hidden Heights) and all the others as well.

Have A Nice Weekend

Great! Could you or the Town Clerk send me scans of Notice, and any other documentation the Town has that might provide additional details about the changes?

In the meantime, can you clarify for me the layout of TH-36 that is being reclassified as a Legal Trail? We currently show it following Deer Run Ln (see image below). If it indeed follows Deer Run Ln, does it extend to the sharp turn westward or end before that? Or does it lead to the home with a Montgomery address (112 Deer Rn Ln)? Any information you have would be helpful to make sure we have this correctly mapped.

Image showing the area near the intersection of Deer Run Ln (CL3 TH-36) and Creager Rd (CL3 TH-22 in Montgomery), with class 4 segment highlighted in blue. Parcel boundaries shown in white.

Thanks again for your help!

Hi Joey,

I've taken a look at the Selectboard Meeting Minutes, and see that they mention the Public Hearing and indicate the Selectboard decisions regarding the changes. Do you also have notice for the Public Hearing and a site visit (examining the premises) as per the following State Statute?

Hi Kerry,

Please find attached the selectboard meeting minutes of November 16, 2020, reflecting the public hearing, discussion and changes that were made to the town highways that we had spoken about before. If you need anymore information, please let me know. I hope that I got this to you in time.

Good afternoon Joey,

I hope you and your neighbors/coworkers in Enosburgh have been managing well so far this year. It has been a challenge to keep business proceeding normally!

The Mapping Section is preparing to send out the 2021 Mileage Certificates, and I was wondering if the Selectboard was able to reclassify any of the highways we discussed last year (below). If there are changes, I can preload "preapproved" changes onto the Certificate before mailing it to the Town in early January... as long as I receive copies of the required documentation in the next week or two. That would also give us a chance to compare measurements before writing them down on the Certificate. If you or the Selectboard has any questions about what documentation is necessary, please don't hesitate to reach out to me.

Thanks Again

Hi Joey,

I've attached a map that shows the portion of TH-17 (in red) that I assumed will remain class 3 (CL3) after the remainder of the highway is reclassified to Legal Trail. The length of 0.24 mi is based on the length of the red mapped line and rounded to the nearest 0.01 mi, so it is only approximate.

The mileage changes as expressed on the map (in blue and pink text, each corresponding to the roadway segment of the same color) are suggestions of how the changes could be written on the 2021 Mileage Certificate, assuming that ~0.24 mi will remain CL3, and given that we currently show TH-17 mileage as 0.62 mi CL3 and 0.65 mi CL4 (1.27 mi total). If the length of the CL3 section remaining after partial reclassification is different than I've shown, then the change written in blue would also need to be changed accordingly. The total official mileage for this roadway/trail (between VT-118 and Longley Bridge Rd) will remain the same unless new information indicates that mileage of the untraveled portion should be adjusted.

Please let me know if you have any questions!

Thank you Joey!

If I don't get back to you with a measurement of TH-17 this week, feel free to reach out to me again. I just want to make sure the measurement on the map is consistent with the most recent field inventory notes.
