Chairman, Board of Selectmen Town of Hyde Park c/o Town Clerk Box 57 Hyde Park, Vermont 05655

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1976 by Mr. Locke, Selectman, with Mr. Chabot of this office.

The resulting changes in highway mileage and any changes in highway classification are indicated on the enclosed map and are explained on the attached breakdown sheet.

A second breakdown sheet is being forwarded where applicable, to indicate those roads for which we must have on file copies of the rights-of-way and Certificate of Completion and Opening before adding them to your Class 3 or Class 4 system.

For your convenience, we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter. Please read this letter carefully before completing the Certificate.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1977. The designated representative of the State Highway Department will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the APPROVED copy has been returned.

Sincerely,

R. J. Nicholls Highway Planning Engineer

Gentlemen:

Down Control

I am herewith forwarding the Certificates of Highway Mileage for a class a your town for the year ending February 10, 1974. Due to the passage of Act 63 by the 1973 session of Legislature your town highways system. The session of Legislature your town highways system. The enclosed form letter explains the four classifications of town highways and the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

\$ 3

In addition, the following mileage change was brought to our attention during the past year:

Because your 1973 Certificate of Highway Mileage was not received until after the deadline for accepting mileage changes, we could not include the 0.36 mile of Puckerbush West Development road in your 1973 town highway mileage. We are, therefore, adding this road to your class 3 mileage at this time.

The entries on the enclosed Certificates represent this as well as the reclassification changes. We will also appreciate your indicating any other changes in your class 3 or class 4 town highway system processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

ALL copies of the completed Certificate should be returned to this office no later than February 15, 1974 in order for any changes to be effective at this time. The town's copy will be approved by the designated representative of the State Highway Board and returned to the Town Clerk.

Sincerely,
