May 25, 2005

Dear Town Clerk:

We received your modified 2005 Certificate of Highway Mileage. The change you requested regarding TH-39 was not incorporated. We are uncertain about the status of the portion of the highway which was remeasured. Our records suggest this section was Discontinued instead of being retained as Class 4. I've enclosed a copy of a March 31, 2005 letter to the Town which details my questions.

I reset the Certificate mileages for 2005 to not include the change requested for TH-39.

Please let me know if you have any questions.

Sincerely,

*Sara Moulton*

March 31, 2005

Dear Town Clerk:

In reviewing your 2005 Certificate of Highway Mileage, we are unsure about the remeasurement of TH-39. According to our records, the section of town highway that Woodbury is depicting as a remeasured Class 4 highway was discontinued in 1987.

I've enclosed a copy of the Woodbury Selectboard minutes dated March 11, 1987. It looks like the Selectboard followed the appropriate procedure to discontinue a section of TH-39. In reviewing the Agency of Transportation General Highway Maps (copies enclosed), it appears that the Agency interpreted the discontinued section of TH-39 as starting from TH-33 until about 0.20 miles north of TH-41, a distance of about 0.20 miles (according to the old maps).

However, in reviewing the road in our GIS system, it looks like the discontinued section actually measures about 0.45 miles (printout enclosed).

Could you review the enclosed documentation and the information on file in the Town Clerk's Office? This will assist us in clarifying the discrepancies.

Due to the uncertainty of the mileage for TH-39, this reclassification/addition may not be made this year, but may need to wait and be reflected on the 2006 Mileage Certificate.

Please let me know if you have any questions.

Sincerely,

*Sara Moulton*

Woodbury Board of Selectmen  
Minutes of the March 11, 1987 Meeting

---

1. Meeting convened at 7:05 PM. Present were Ken King, Diana Peduzzi and Larry Rossi.
2. Board organized by electing Ken King as Chairman and Diana Peduzzi as Clerk.
3. Public Hearing convened to address two petitions for road discontinuance. Present were Tre-Gea Bevan, Kelly Janes, Joe McEntyre Everett Kettler, Lynn and Peter Stuart, John Meyer, Sybil Miller and John Riley. Town Highway #53 (petition submitted by Carol Handy) was presented first. Sybill Miller represented Handy. No comments were received.
4. The Public Hearing then moved on to address the petition of Peter and Lynn Stuart to discontinue so-called Town Highway #39, from Town Highway #44 to the end of their property. John Meyer presented the results of a study of maps and surveys which showed that the road did not exist as a recognized town highway in several historical references, the latest being the 1953 USGS survey. Peter Stuart presented his history of problems concerning the road, and Kelly Janes, Stuart's tenant, expanded on the current situation. Bevan commented that the road is now used for recreational purposes and requested that the town or landowner consider not closing off access to horses, etc. Stuart stated that he did not forbid recreational users without motors from traversing his property. Atty. McEntyre presented a letter from the Vt. Dept. of Forests, Parks and Recreation which requested that any through roads which were discontinued be considered for designation as trails. Neither of the roads in question at this hearing would apply. McEntyre showed evidence of having mailed certified letters to all adjoining property owners who could be concerned with these petitions. Receipt of the letter to property owner Martinez was not acknowledged.
5. The hearing adjourned at 7:30. The Board then decided to sign the Report and Order of Road Discontinuance (s).
