State Aid Certification Addendum

The legal status and existence of the entire 1.09 miles of TH 136 (a/k/a Bailey Hill Road), as a class 4 town highway as depicted on the Vermont General Highway Map, Town of Chester, prepared on June 9, 2023, has been questioned and is currently under review by the Chester Selectboard. The review includes, but is not limited to, the review of documents of record involving the discontinuance of roads in Smokeshire, so-called, and their legal significance in connection with the current existence of TH 136 (a/k/a Bailey Hill Road), as a town highway.

In certifying to the existence of Chester's Class 1, 2, 3 and 4 town highways, the undersigned hereby reserves any certification as to the legal status of TH 136 as a class 4 town highway pending further review of its legal status based on documents of record, evidence of dedication and acceptance and physical evidence and monumentation. The Town of Chester reserves the right to amend this certification at such time as it has completed its review and has been able to determine whether TH 136 exists as currently designated. Once an affirmative determination has been made as to its status, the Chester Selectboard will file any necessary amended certifications that are deemed appropriate to clarify the current status of TH 136.

Good Morning,

The Selectboard agrees with this change.

Thank you. Debbie

Hi Deborah and Julie,

Thank you so much for the signature. I realized this morning that the Certificate did not account for the mileage change that I preloaded in Part II as highlighted in yellow below:

I notified you folks back in December about this change due to a construction project along route VT-10 in Chester resulting in a mileage change for **TH-81 (Davidson Hill Rd) of +0.02 miles**. If you see the image below you can see that the intersection has changed from a T to a Y configuration.

I can make this update in Part I of the certificate before we sign it if the Selectboard agrees.

Best,

Pam

Hi Julie,

Thank you for the 2024 Mileage Certificate and note regarding TH-136. We also need the Town Clerk to sign and date the certificate in the highlighted areas below. If you could get that to happen and send back to us that would be great. Thank you so much and keep us posted about TH-136. We do see some evidence of a road on the elevation data in the vicinity of where we have TH-136 mapped (See second image below).
