Decision and Order of the Selectboard Of the Town of Weathersfield For the Alteration of a Highway

At 7:30 P.M. on November 16, 1992, at Martin Memorial Hall in the Town of Weathersfield, the Selectboard held a public hearing for the purpose of taking testimony of interested persons and adjoining landowners as to whether a portion of Cooks Pond Road should be altered to the status of legal trail. Due notice was given by certified mail to all landowners at least 30 days before the date of the hearing, including Mr. Paul Yewell and Mr. Kenneth Blum.

At the hearing, there were 3 witnesses - Paul Yewell, landowner, Kenneth Blum, landowner and Willis Wood, Conservation Commission member.

The section of road being considered for alteration to a trail is from the end of Mr. Paul Yewell's driveway, proceeding by the edge of Cooks Pond to the foot of Mr. Kenneth Blum's driveway, being a distance of 2,345 feet, more or less. Everyone present being familiar with the road, the site visit was waived.

After hearing the witnesses, the Selectboard made the following findings of fact.

1. This section of Cooks Pond Road is presently a Class 4 highway, with no residences on this section.
2. Only 2 landowners are directly affected by this alteration, all other landowners having access to their property from one end or the other of the road.
3. The 2 landowners, Mr. Yewell and Mr. Blum, have requested this alteration to limit motor vehicle access to the area, thus discouraging littering, illegal hunting, and other disruptive activities.
4. Mr. Yewell's land development rights have recently been deeded to the Vermont Land Trust.
5. This alteration would relieve the Town of any responsibility to maintain the right-of-way, but would still retain the public right-of-way.

Evidence submitted: A survey map by Gary Rapanotti entitled "A portion of Cooks Pond Road being altered to a trail" Dated: 12/18/92, Map # 92-383. Town Clerk's survey #220.

NOTES

- 1) THE PARALLEL SHOWN WAS PLOTTED FROM A THEODOLITE AND E.D.M. SURVEY.
- 2) THE BEARINGS SHOWN ON THIS PLAN REFER TO OBSERVED MAGNETIC NORTH 1992 AND SERVE ONLY TO DEFINE ANGULAR RELATIONSHIPS BETWEEN THE CONESSES SHOWN.

This section of Town highway #48 + #84 were already Class 4 and is being altered to a trail.
